**VSOP PROJECTS PRESENTS AN EXHIBITION OF ARDEN SCOTT'S
SCULPTURE AT WOODEN BOATWORKS IN SOUTHOLD**

Arden Scott: *Height of Eye*
Feb 13, 14 & 15
Wooden Boatworks, 2700 Hobart Road, Southold

VSOP Projects, in collaboration with Wooden Boatworks, is pleased to present *Height of Eye*, an exhibition of Arden Scott's steel sculpture at Wooden Boatworks in Southold. The exhibition will take place for ONE WEEKEND ONLY, Saturday, Sunday & Monday, February 13, 14, & 15, from noon-5 each day.

An array of Ms. Scott's large scale steel sculptures from several recent and ongoing bodies of work, including her *Aids to Navigation* series, will be presented throughout Wooden Boatworks magnificent Southold facility. *Aids to Navigation* includes 70+ floor-standing works constructed from raw steel and materials salvaged from local shipyards. Produced completely without assistance (as she has consistently worked for more than 5 decades) in her studio over the past 5 years, *Aids to Navigation* is driven by Arden's deep connection to lore and literature, mythology, and stories of the sea.

Reservations to view the exhibition are encouraged but not required, and can be made by emailing info@vsopprojects.com or call/text 631.603.7736 with your name, time request (30 minute windows) and party size. Properly fitting face masks are required, and one party at a time will be welcomed into the exhibition.

Wooden Boatworks is located at 2700 Hobart Road in Southold, at the former Goldsmith Boatyard.

Arden Scott: Height of Eye will remain on view Saturday, Sunday & Monday, February 13, 14, & 15, from noon-5 each day.

For Press Inquiries and Exhibition Information: info@vsopprojects.com, office@woodenboatworks.com, and 631.603.7736.
